Reliance

Foundation School

LEARN • IMAGINE • EXCEL

Mouda, Nagpur

“Our overarching goal is to provide an educational experience that children will enjoy and one that will inspire and influence them for a lifetime.”

Nita M. Ambani
Founder & Chairperson,
Reliance Foundation

RELIANCE FOUNDATION SCHOOL

Reliance Foundation School, Mouda, Nagpur is a K-12 English Medium School, affiliated to the Central Board of Secondary Education (CBSE). The School is committed to provide an enjoyable and enriching educational experience to children - one that inspires and facilitates them to realise their full potential and fosters their holistic development.

The School believes that every child is uniquely talented and given a conducive environment, each will blossom. The School constantly endeavours to harness children's potential through their active participation in the classroom and earnest involvement in various sports and co-curricular activities.

The School's education programme is a fine blend of curricular and co-curricular elements, aimed at equipping the children with knowledge, skills and values that will make them happy and successful, and prepare them to be responsible citizens.

MOTTO

LEARN...IMAGINE...EXCEL

VISION

To serve as a springboard for learning that recognises the dynamics and challenges of an ever-evolving and increasingly interconnected world and celebrates the continuum of values and culture, characteristic of a vibrant, harmonious and forward-looking society.

We believe that a happy school will inspire children's imagination, foster excellence and make the learning experience enjoyable, thereby preparing them for lifelong learning and paving the way for a progressive nation and a better world.

MISSION

To provide a learning experience that makes every child a happy and whole person - an experience that children would cherish for a lifetime; one that brings out the best in them to live life fully and in meaningful ways.

We seek to accomplish this by providing a range of learning opportunities and challenges that would enable the young minds to explore the diversity and commonality of the world with a sense of wonder, think creatively and critically, express themselves effectively, embrace a culture of innovation, instil a love for lifelong learning and evolve as responsible citizens.

VALUES AND ATTRIBUTES

We are guided by a set of values and attributes that are central to our ethos-

THE SCHOOL CAMPUS

Reliance Foundation School is situated on the Mouda-Ramtek Road - a 30-minute drive from Nagpur. It is easily accessible to children from Nagpur, Bhandara, Ramtek, Kuhi, Kamptee, and other places in and around Mouda.

The School buildings, facilities and playgrounds create elegant, inviting and inspiring ambience for learning. Nestled in a serene environment, the School premises are picturesque, contemporary and learner-friendly.

The architectural design of the building enhances the teaching and learning experience and helps in offering a wide variety of curricular and co-curricular activities. The campus-wide boundary wall and CCTV surveillance system help in providing a safe environment. The right blend of functionality and aesthetics add to the overall design of the campus.

CLASSROOMS

The spacious, well-ventilated classrooms with natural light provide a conducive environment for learning. Every classroom has public address system, display boards and age-appropriate furniture.

LABORATORIES

Exploration through experimentation and demonstrations help children observe phenomenon, verify theories, relate to fundamental principles, and reinforce conceptual learning in sciences. The School has spacious Physics, Chemistry, Biology, Mathematics and Social Science Laboratories. These are equipped with apparatus for experiments and demonstration, audio-visual equipment, interesting teaching aids and engaging learning kits. These help promote an attitude of enquiry, develop scientific temper and a deeper understanding of the subject. The laboratories are provided with the required safety measures.

COMPUTER LAB

The school has a Computer Laboratory with high-speed broadband connectivity, independent workstations for children and is equipped with audio-visual facilities. All computers have the required configuration and software to support children's learning and effective delivery of the curriculum.

LIBRARY

The School library is well resourced and offers a welcoming ambience which encourages students to read from an early age. It has a vast collection of books that include fiction, non-fiction, biographies, encyclopedias, storybooks, picture books, dictionaries, reference books in various academic subjects, teacher resources, etc. The library subscribes to journals, periodicals, magazines and newspapers spanning a wide spectrum of topics and disciplines. The library also holds special events from time to time which include celebrating authors of the month, author visits, library week, quiz competitions, book fair, etc.

MULTIPURPOSE HALL

The multipurpose hall serves as a versatile space for students to participate in co-curricular activities, inter-house competitions and club activities. Equipped with LCD projector and multimedia facilities, the multipurpose hall is also used for seminars, lectures, workshops, group discussions, presentations, meetings, orientations, exhibitions, staff professional development activities, etc.

ART AND CRAFT ROOM

The art & craft room is designed to nurture creativity and imagination in young minds, providing them opportunities for self-expression with various mediums and types of work. These include drawing, sketching, craft, leaf art, paper art, rangoli making, clay modelling, etc.

PLAY AREA FOR PRE-PRIMARY SECTION

The dedicated outdoor play area for Pre-primary section is equipped with age-appropriate play equipment that makes Kinaesthetic learning a fun-filled experience. The regular well-planned use of play area supports development of children's gross motor skills and ensures their physical well-being.

SPORTS FACILITIES

The School has a football ground, basketball court, and indoor games facility to engage students in a wide range of outdoor and indoor sports.

MEDICAL ROOM

The School accords utmost importance to children's physical well-being, health and safety. Qualified and experienced nursing staff under the guidance of a visiting doctor is available in the medical room. The medical room is equipped to provide necessary preliminary care and respond to medical emergencies.

ACADEMICS

Nurturing children's curiosity, enabling them to excel by acquiring knowledge and skills, and developing in them sound values are at the core of Reliance Foundation School's academic programmes.

The School's academic programmes lay emphasis on children's intellectual growth, experiential learning, creative exploration, emotional development, acquisition of social skills, physical well-being and character building. With the aim of providing an excellent educational experience to children, the School integrates the best practices in teaching and learning, thereby, promoting a culture of pedagogical excellence.

The curriculum design promotes experiential learning keeping in perspective how children learn from foundational level skills and knowledge to higher levels of application and competence. Vertical integration of the curriculum ensures a systematic formation of skills, concepts and knowledge from one grade level to the next. An inter-disciplinary approach is built by horizontal alignment of the curriculum cutting across the subjects.

The wide array of effective and varied assessment tools for continuous evaluation and comprehensive assessment of broad-based learning and behavioural outcomes, make the assessment and evaluation model of the School unique. The assessment tools help teachers identify the learners' strengths and learning gaps. It also helps teachers design individualized academic support programme to bridge the learning gaps, if any.

PRE-PRIMARY SCHOOL

- Emphasises holistic development of children in various physical, creative, emotional and social domains.
- Learning by doing is encouraged through projects and activities involving art, craft, music and dance.
- Children explore the environment around them, discover and develop new interests, enjoy learning and satisfy their curiosity.
- Toys and interesting teaching aids, story-telling, role-play, group activities and rhymes are integral to the learning process.
- Activity rooms provide opportunities for the development of motor skills, creativity, imagination, teamwork, social skills, etc.
- Festivals and special celebrations help children understand and value cultural heritage and appreciate diversity.
- The programme aims to make a pleasant transition to the primary school, so that children are initiated into the world of formal learning.

The Pre-primary curriculum sets the tone for learning by kindling the inherent curiosity in young children. At this stage, children are active and curious to explore and love to play by engaging in activities that interest them. While the programme builds on pre-literacy and pre-numeracy skills, it also focuses on developing social and personal skills and critical and creative thinking. This is an important developmental stage that lays the foundation for lifelong learning.

The use of innovative and engaging teaching methodologies, incorporating a blend of Montessori and Play way methods and activities help create a happy learning and fun filled environment.

PRIMARY SCHOOL

- Learning through experimentation, observation, analysis and inferring.
- Activity and project based learning
- Emphasis on acquisition of language skills, developing creative writing skills and reading for fun.
- Well planned reading programme to inculcate reading as a habit.
- Focus on basic numeracy skills and mathematical concepts.
- Skill based ICT curriculum.
- Regular sessions for imparting life skills and values.

The Primary School Programme builds on the skills that the children acquire in pre-primary years. The primary school curriculum progresses from skills to experiential learning to building knowledge. While the emphasis is on the learning and understanding of concepts, the co-curricular activities provide the values of teamwork and cooperation at an early age. The programme also gives equal importance to the creative side of the children through art education, music and dance. The sports programme in the primary school provides ample opportunities for children and spots their talents at a young age.

MIDDLE SCHOOL

- Children are oriented to skills of organising knowledge and information.
- Curriculum places emphasis on sensitising children to be caring and compassionate.
- Learning beyond the classroom through excursions and field trips.
- Teaching-learning strategies involving workshops, seminars, talks, presentations, group discussions, etc. to reinforce concepts.
- Creativity and talent are nurtured through dance, drama, music, art, craft, etc.
- Literary activities like declamation, debates, extempore, recitation, story writing and telling, etc. are conducted.

The Middle School Programme offers a broadened curriculum base to match the growing abilities of the children in assimilating information and grasping abstract ideas. Constructing on the progression from skills to experiential learning, the Middle School Programme further focusses on strengthening the knowledge, skills and competencies of the children.

SECONDARY SCHOOL

- Well mapped curriculum focussing on higher-order thinking skills and problem-solving ability.
- Emphasis on knowledge, understanding and application through projects, presentations, assignments, laboratory work, field trips, etc.
- Individualised academic support to reinforce the concepts learned and to bridge the learning gap.
- Personality and skill development programmes along with individualised academic support.
- Subjects offered: English as First Language, Hindi/Sanskrit as Second Language, Marathi as Third Language, Mathematics, Science, Social Science and a skill subject.

The Secondary School Programme focuses on consolidating students' knowledge and enables them to delve deeper into each subject. The aim is to develop students into independent and successful learners, confident and creative individuals, and informed and responsible citizens. These classes build a firm base and enable the student to select the right stream of studies at the senior secondary level which ultimately sets the direction for the higher studies.

SENIOR SECONDARY SCHOOL

- Sequential flow of knowledge - from fundamentals to higher level knowledge.
- Development of core competencies while constructing knowledge.
- Multiple avenues to develop observational skills, logical thinking, analytical skills and reasoning ability.
- Understanding the dynamic nature and interdependence of subjects.
- Prepares students for higher educational pursuits.
- Career and college counselling supports students in deciding right career path.
- Streams offered: Science. Subjects offered: Compulsory subjects- English Core, Physics, Chemistry, Computer Science. Optional subject- Mathematics or Biology.

At the Senior Secondary level, the curriculum shifts its emphasis from general to core subject-focussed specialised content. The concepts in different disciplines are taught with in-depth and with rigour. At this stage, students are better informed to select the subjects and streams of their choice and aptitude as they gain a better understanding of their career path.

The curriculum emphasises on conceptual understanding, processes and skills, application of knowledge, use of technology, etc. While the curriculum focuses on achieving these subject-based objectives, it also fosters a positive attitude to logical and analytical thinking, reasoning abilities, problem-solving skills, and inter-disciplinary learning. The various stages of the curriculum in senior secondary section emphasise on knowledge construction.

STUDENT CARE SERVICES

The School provides children with a caring and inclusive learning environment and a support system to ensure their overall development and well-being through individual and group counselling, life skills education and college and career counselling.

STUDENT COUNSELLING

Counselling helps children cope with the emotional and psychological issues arising out of academic challenges, learning difficulties, behavioural management, emotional disturbances and peer group dynamics. Regular consultations and collaboration with teachers and parents help to identify social and emotional issues of students. Counselling also helps to resolve students' concerns through appropriate interventions.

SPECIAL EDUCATION

The Special Educator works with various tools and resources such as manipulatives, therapy bands, sand, fidgets, etc. to support the students with special learning needs and help them develop and grow. Consistent collaboration with teachers helps to identify students with learning disabilities and provide required support by devising Individual Education Programme to help mainstream learners.

LIFE SKILLS EDUCATION

The Life Skills Education is an integral part of the School's academic programmes across grade levels with the objective of helping learners develop an identity, manage emotions, build relationships and develop inter-personal skills. It also helps students develop creative and critical thinking skills, positive behaviour and effective communication skills.

It equips them to respond better to adolescence issues and peer pressure, develop empathy and social skills, and most importantly, being able to deal effectively with the demands and challenges of everyday life.

COLLEGE AND CAREER COUNSELLING

The school has a well-established College and Career Counselling initiative. The School organises visits of representatives from various reputed Indian universities, foreign universities and leading colleges, who share with the students' diverse career options and the offerings from these institutions of higher learning. Webinars and live sessions are organised for students to gain insights and better understanding of various career options. The school organises industry visits and interactive sessions with the industry leaders, scientists, career professional, educators, etc. These various activities expand opportunities for the students to link their learning, aptitude and liking to future career options. These initiatives provide them insights for stream selection in higher studies, comprehensive career planning and study abroad opportunities. The school also provides Letters of Recommendation for the students highlighting their abilities and potential in scholastic and co-scholastic domains, strengths, attributes, etc.

ACTIVITIES

All-round development of the children is at the heart of the School's educational philosophy. Engaging children in a wide range of sports and co-curricular activities, enables them to discover and develop their latent talents and interests while making schooling an enjoyable experience. The School trains, prepares and encourages children for participation in various events and interschool competitions.

CO-CURRICULAR ACTIVITIES

- Football
- Cricket
- Volleyball
- Carrom
- Chess

- Art & Cultural Club
- Scouts & Guides
- IDE Club

PHYSICAL AND HEALTH EDUCATION PROGRAMME

The School instils in children a positive attitude towards physical activity and a healthy lifestyle. Physical education seeks to enhance self-esteem, varied sporting skills and foster general health awareness in children.

It provides opportunities to the students through the promotion of kinaesthetic intelligence to improve their physical fitness and well-being and develop sportsman spirit. Participation in various sporting activities and events enable students to strive for physical agility, promotes the spirit of healthy competition and meaningful collaboration. It also develops resilience and concentration in children.

House System

The House System provides opportunities for all-round development of students through numerous activities. It helps to develop in them the leadership qualities, self-confidence, teamwork, cooperation, competitive spirit and inculcates good moral and social values. The students are allocated one of the four Houses: Eagle House, Falcon House, Hawk House and Kite House.

Scouts and Guides

Scouts and Guides aims to nurture values of discipline, service, and adventure among students. Middle school students are the members of these units. Through engaging activities, camps, and service projects, we prepare our young learners to become responsible citizens and empathetic leaders of tomorrow. The Scouts and Guides unit provides students with an excellent platform for holistic development and character building.

Student Council

The Student Council, led by the Head Boy and the Head Girl, is a forum comprising teachers and student leaders representing all the four Houses and a School Sports Coordinator. The Student Council is an important forum for students to develop leadership qualities.
